

Stage Make Up

Needs to be worn by all female dancers for pictures and recitals.

Make up consists of:

- Foundation to match your dancer's skin tone (this is up to the individual – you do not need to wear)
- A dark pink blush to highlight cheekbones
- A red/brown lipstick and lip liner
- Black eyeliner used on both the upper and lower eye
- Eye shadow: Should be dark to medium brown for one of the two shadows and the lighter color should be a light brown. **See picture**
- Mascara should be worn

By using these colors dancers look uniform and faces do not get washed out to due to the harsh stage lights.
